Philippines Ours Forever as Territory Belonging to the United States.

WE MUST RULE PACIFIC

Manila Promises to Become the Largest Shipping Station In All the World.

America Will Not Repudiate Its Duty In Orient—Philippines Give Uncle Sam a Base At Door of All the East—Fertility of Plains and Valleys of Luzon—Wood and Mineral Supply Great—Address of Senator Beveridge In United States Senate Today

Washington, Jan. 9.—[Special Telegram]—There was very little business in the house today and that only of a routine character.

In the senate Mr. Beveridge of Indiana, addressed the senators on the Philippine question, giving it as his opinion that the United States should permanently annex the islands at once. The speech of the Hoosier senator is regarded as significant in representing the position believed to be held by President McKinley on the subject. The speech was in part as follows:

Address of Senator Beveridge.

The Philippines are ours forever, "territory belonging to the United States," as the constitution says. And just beyond the Philippines are China's illimitable markets. We will not retreat from either. We will not repudiate our duty in the archipelago. We will not abandon our duty in the Orient. We will move forward to our work, not howling our regrets like slaves whipped to their burdens, but with gratitude for a task worthy of our strength.

"The island empire is the last land left in all the oceans. If it should prove a mistake to abandon it, the blunder once made would be irretrievable. If it proves a mistake to hold it, the error can be corrected when we will. Every progressive nation stands ready to relieve us. The Philippines give us a base at the door of all the east."

America Must Rule Pacific.

Senator Beveridge then dwelt at some length on the inestimable size of China's future commerce. He told what other nations were doing, and pointed out that the United States would have advantages which the other nations could never equal. He described the Pacific as the "ocean of the commerce of the future" and exclaimed: "The power that rules the Pacific is the power that rules the world. With the Philippines that power is and will be forever with the American republic."

"But if they did not command the Pacific," he continued, "Orient, China and India for purpose of offense, defense and trade, the Philippines are so valuable in themselves that we should hold them. I have ridden hundreds of miles on the islands, every foot of the way a revelation of vegetable and mineral riches."

Fertility of the Islands.

"No land in America surpasses in fertility the plains and valleys of Luzon. Rice and coffee, sugar and coconuts, hemp and tobacco and many products of the temperate as well as tropic zone grow in various sections in the archipelago. The wood supply of the Philippines can supply the furniture of the world for a century to come. I have nuggets of pure gold, picked up on the banks of a Philippine creek. I am told that forty miles of its mountain chain are practically mountains of coal."

He predicted that Manila some day would be a greater shipping center than Liverpool, and said that if the United States dropped the islands, Russia, Japan or some other nation would seize them at once.

Of the character of the people he said that they are a barbarous race, modified by the centuries of contact with a decadent race. It is barely possible that one thousand men in all the archipelago are capable of self-government.

Right of United States.

Senator Beveridge closed with a discussion of the right of the United States to establish a government in the Philippines. He said there was nothing in the constitution to interfere, for the constitution was written for men who were capable of governing themselves. "The Declaration of Independence does not contemplate," he continued, "that all government must have the consent of the governed. Life, liberty and the pursuit of happiness are the important things; consent of the governed is one of the means to that end."

If the principle were about to be violated with the Philippines the senator asked, had it not been violated with the American Indians? And had there been any amount of adverse comment because the consent of the Indians had not been obtained?

NEW MILITARY DEPARTMENT.

Territory of Alaska to Be in Command of Col. Randall.

Washington, Jan. 9.—The president has created a military department consisting of the territory of Alaska and has assigned Col. George M. Randall, Eighth United States Infantry, to command. Col. Randall is on duty with his regiment in Cuba, but will report here on his way to Alaska, Jan. 15.

Col. Randall was born in Ohio and entered the service as a private in the Fourth Pennsylvania Infantry April 20, 1861, and rose to be a lieutenant colonel of volunteers June 1, 1865. He was appointed to the regular service and rose by regular promotion to be colonel Aug. 8, 1898. He was brevetted for gallant service in the battle of Antietam, again brevetted for gallant service in front of Petersburg and for gallant service in the attack on Fort Stedman, Va., and was again brevetted for gallant service against the Indians in Arizona. He has had a widely extended and distinguished service on the frontier.

Col. Randall was sent to Alaska and was in command of Fort St. Michael at the outbreak of the war with Spain. He was appointed a brigadier general of volunteers and returned from Alaska, but did not reach the country in time to participate in the active service in Cuba or the Philippine islands. He was assigned to the command of the Second army corps, and when the volunteers were mustered out he commanded his regiment in Cuba.

SISTER AUGUSTA DEAD IN THE LAKE

BODY FOUND FLOATING IN THE WATER NEAR KENOSHA.

It Had Been Subject to the Buffeting of the Waves For Nearly a Week and Was Bruised and Discolored—Badger State News—Horse Thieves Operate at Evansville.

Kenosha, Wis., Jan. 9.—The body of Sister Augusta who disappeared from Kemper Hall last Tuesday evening was found in the lake at noon yesterday. The sisters were informed of the discovery. Sister Ella, a friend of the dead woman, identified the body as that of Sister Augusta.

One of the children of Mrs. William Smith who lives near Kemper Hall, first saw the body.

The thought of suicide was the first to suggest itself to the authorities at the hall but a few days later it was reported that Sister Augusta had run away to visit a friend in Springfield, Missouri.

This report was strengthened by the fact that a letter directed to the missing woman was received at the hall Friday morning. The letter was from a young lady in Springfield, Mo., and referred to plans for a visit which she expected from Sister Augusta. A report was later spread saying that a telegram had been received from Springfield saying that the sister had arrived there safely.

Sister Augusta's remains will probably be taken to St. Louis and buried in the family lot.

For nearly a week the body has been subjected to the buffeting of the waves is bruised and discolored. The dying woman had clasped her hands around her rosary, which was still clutched in the dead hands when the body was found. The woman must have leaped from the wooden pier into the lake and as a wooden walk leads from the building to this structure her footsteps were not discovered in the snow that lay on the grounds Tuesday afternoon.

Beauchamp Wants the Office.

Manitowish, Wis., Jan. 9.—Ex-Lieut. Gov. Emil Beauchamp, when asked if he was a candidate for a place on the State Tax commission, said that if the position was offered him he would accept. His friends at home and throughout the state had taken up the matter in his behalf and put forward his name and warmly endorsed him for the position. It is thought here that Judge Beauchamp's chances are very good. His qualifications and good judgment highly recommended him for the position.

Evansville, Wis., Jan. 9.—A horse and carriage were found in a shed in the city Saturday morning, later it was discovered that the rig was taken Friday night from Attica ten miles west, and that two strangers took the train for Chicago at 8 o'clock Saturday morning. Another rig taken in the vicinity of Albany, Wis., last Wednesday night, is still missing.

REPLIES TO THE GERMAN PROTEST

Salisbury Insists On a Thorough Investigation of Bunderath Affair.

AMICABLE IN HIS TONE

No Advices From Ladysmith But It Is Believed White Still Holds Out.

Rumor That Dutch Cruiser Freisland Has Been Fired Upon By a British Warship at Delagoa Bay—Report That In Attack On Ladysmith Gen. Joubert Was Seriously Hurt—List of Casualties Coming In.

Berlin, Jan. 9.—[Special Cablegram]—The reply of Lord Salisbury to the German protest against the seizure of German vessels destined for Delagoa Bay, raises points of difference, but is in the main amicable in tone. The British foreign minister, however, insists upon a complete investigation of the cargo of the Bunderath to determine its character as contraband. It is believed that the German steamer Herzog, seized by the British war ship Thet, is off Lourenco Marques and taken to Durban, will soon be released.

Combine Against England.

London, Jan. 9.—[Special Cablegram]—The high officials of the German and American embassies here held a long conference today. It is said that they discussed steps regarding future procedure in pressing their respective claims against Great Britain for Delagoa Bay seizures on a common basis.

No News From Ladysmith.

London, Jan. 9.—[Special Cablegram]—No advices were received today from Ladysmith, but it is believed that Gen. White still holds out.

An Amsterdam dispatch says it is rumored that the Dutch cruiser Friesland has been fired upon by a British cruiser near Delagoa Bay and that a Dutch officer was killed.

Joubert Seriously Injured.

London, Jan. 6.—[Special Cablegram]—Inquirers at the war office are informed that the list of British casualties at Ladysmith is not expected to arrive today, possibly not tomorrow.

An Estcourt dispatch to the Glasgow Mail states positively that Gen. Joubert was seriously injured. His horse was shot from under him, and in falling rolled upon him, injuring him so severely that he will be unable to take an active part in further military operations.

The list of casualties of the Suffolks at Colesburg was received this morning. Killed, Col. Watson, three lieutenants and twenty-two men. Wounded, Major Graham and thirty-one men. Missing, three captains, four lieutenants and one hundred and six men.

Boers Have Many Wounded.

Frere Camp, Jan. 9.—[Special Cablegram]—Everything is quiet here. The Boers are hoisting red flags, making it evident that they have many wounded.

Trenches on Modder River.

Cape Town, Jan. 9.—[Special Cablegram]—The Boers continue to extend their works along the Modder river, which is now so enlarged that it is estimated that it will require thirty thousand men to properly defend them.

Pretoria dispatches, Jan. 6th, says that the British have been running more trains to the hospital camp at Ladysmith than were stipulated in the agreement. Joubert complained, but White denied that the trains exceeded the stipulated number. The dispatches also say that the burghers who had gone home to spend the holidays, have returned to the front.

GREAT ALARM FELT IN LONDON

It Is Feared That Ladysmith Cannot Hold Out Much Longer.

London, Jan. 9.—[Special Cablegram]—Despite the fact that Gen. White repulsed the Boers in the attack on Ladysmith Saturday, the alarm felt in London has abated little. Gen. White reported that after fourteen hours of most desperate fighting the enemy retired, but the fact that British positions were several times occupied by the burghers, who were dislodged with difficulty, indicates that the defense may not stand before another such determined assault.

The serious breach on the garrison's ammunition, which was known to be low, the reducing of the number of the able men and the addition of the wounded to the towns already crowded hospitals; the presence of many diseases and the lack of proper medical stores; the shortage of fresh provisions

and the deadly peril of continued bombardment, all combine to make the situation most grave.

Gen. Buller is still helpless, south of the Tugela and with his army in three camps ten miles apart, it seems improbable that he can give the garrison any hope of early relief.

Ask McKinley to Intervene.

Berlin, Jan. 9.—The executive committee of the International Peace society has sent a telegram to President McKinley asking him to intervene with a view of ending the war in South Africa.

WOULD ACT IF BRITAIN WISHED.

President McKinley's Attitude on the question of Mediation.

Washington, Jan. 9.—The resolution introduced in the senate by Mr. Pettigrew proposing the good offices of the United States to end the war in South Africa raises a question as to the official position of this government on the proposition. In official circles generally the belief is expressed that the British empire is seriously threatened, but that the United States is not in a position to interfere at this time, except at the suggestion of Great Britain. For this government to propose mediation under the present circumstances would be humiliating to Great Britain, and it is not expected that the United States will be called upon by that nation unless the last ditch is reached. While the wish and the sentiment of the British government will be respected, the feeling is that the United States can with propriety act without consulting President Kruger and his advisers.

AN ARMY OF BADGER RAILROAD EMPLOYEES

AT LEAST 25,000 MEN AT WORK FOR R. R. IN WISCONSIN.

Railroad Commissioner Rice Preparing His Annual Report—Thirty-Two Chartered Railways Have Lines in the State—Wages Paid Out Last Year Aggregate \$12,980,935.

Madison, Wis., Jan. 9.—State Railroad Commissioner Rice is busy compiling statistics from the annual reports of the railroad companies of Wisconsin for the year ending June 30, 1899. From the deductions being made by him some interesting facts are furnished, among which is the item of people employed in the state by railroads, exclusive of logging railroads, which makes a fairly good sized army, the total number being 24,016, and the total number of days worked during the year being 6,669,875.

The gross amount paid in salaries in 1899 was \$12,980,935.05, being an average of a trifle over \$1,946 per day. The Chicago, Milwaukee & St. Paul Railway company pays its employees, men, women, office boys, etc., an average of \$2.03 per day; the Chicago & Northwestern Railway company pays an average of \$1.93 per day.

The Chicago & Northwestern employs in the state of Wisconsin 8,409 people and the Chicago, Milwaukee & St. Paul employs 6,371; while the Wisconsin Central has 3,250 persons on its pay roll in the state, for which it paid during the year ending June 30, 1899, \$1,083,045.63, being an average of \$1.97 per day for each person employed.

The Chicago, St. Paul, Minneapolis & Omaha Railway company report 1,885 employees in this commonwealth, and dealt out to them for the year the sum of \$1,175,544.25. The Chicago, Burlington & Quincy Railway company has not quite as large a list of employees in Wisconsin as some of the other roads, but contributed to the wage-earners \$424,264. Next on the list comes the " Soo " with 656 people, and it disburses for wages in the state \$393,403.20.

The Eastern Railway company of Minnesota, with a little less than twenty-two miles of road in Wisconsin, gave employment to 702 people and paid them for the year ending June 30, 1899, \$315,797.86. The Green Bay & Western Railway company gives 355 people employment and distributed among them last year \$190,931.51.

There are at the present time fifty-two chartered railways in the state doing business, fifteen of which are interstate, and thirty-seven local companies whose entire mileage is within Wisconsin.

ADMITS THE RIGHT OF SEARCH.

Germany Says Seizures in Stated Limits Are Just.

Berlin, Jan. 9.—The foreign office has authorized the following statement:

"Germany recognizes the right of search within certain specific limits. Among the points enumerated in the protest filed in London is one contending that Great Britain has exceeded those limits. No answer has yet been received as to this protest."

On being asked whether it was correct that joint action on the part of the powers in the matter of seizures was under way, a high official of the foreign office replied that such action might have to be taken if the seizures did not cease. He admitted that Russia was taking such joint action in regard to the interruption of telegraph communication with South Africa.

NOT AT ALL SURPRISED

Kempton Did Not Expect Council Police Committee to be "Reformers."

PLAY A BLUFFING GAME

Says Alderman Carpenter's Diatribe Beneath His Notice—Heard Brays Before.

Even If There Is No Immediate Effect the Movement Has Resulted In Much Good—It Has Started a Moral and Educational Wave—He Is Convinced That the Laws of This City Could be Better Enforced—Alleges There Has Been No Proper Investigation—Committees Intent Was to Make a Farce Out of It.

Rev. A. C. Kempton was interviewed at his North High street home this morning by a Gazette representative, with reference to the report of the police committee. He said:

"I would have been the most surprised man in the city of Janesville if the police committee had turned out to be 'reformers.' The city fathers have done all I expected of them. I am not at all disappointed. As for personal abuse on the part of Alderman Carpenter, it is beneath my notice. It is not the first bray that I have heard. It was evident from the start that our city officials intended to 'bluff' and then back down, throwing all the ridicule possible on the petition and the petition signers. Those who signed the petition will remember the position taken by our city officials.

"Even if there be no work of reform done in the future the movement in my mind has resulted in much good.

"There was not a statement made in any of my sermons, that I am not prepared to stand by.

Resulted In a Moral Movement.

"This investigation has resulted in a moral movement. I started in to educate moral sentiment along these lines and that I believe has been done. There is nothing to be gained by talking about it at the present time.

"It remains to be seen what will be done in the future.

"I am convinced that the laws of the city have been better enforced as the result of this movement of reform.

"It is my belief that there has been no proper investigation made by the members of the police committee who are well aware that the saloons of Janesville are open on Sunday.

"This committee had no intention of making such investigation.

"As to further carrying on this work I am at present not prepared to make any statement."

The police committee report presented to the council last night was as follows:

Kempton Committee Report

That this committee has carefully and diligently investigated the complaints mentioned in said petition and to that end have made personal investigation in the premises by interviewing many of our citizens, including many of the signers of said petition, and on the 27th day of December, A. D., 1899, held a meeting of said committee at the office of the city clerk of said city, having first given notice in writing to said Rev. Arthur Kempton and other signers of said petition, requesting their presence at said meeting, and requested Rev. Arthur Kempton to bring before said committee at such time and place any person or persons who could or would in any way give to your said committee information concerning the violation of any of the ordinances of said city.

Caused Witnesses to Be Sworn

That at said meeting there was present besides your committee Chief of Police John W. Hogan, Sheriff William H. Appleby of the police board of said city, City Attorney F. C. Burpee and Attorney Charles E. Pierce, who were requested to assist your committee in such investigation. That your committee caused said Rev. Arthur Kempton, J. T. Waggoner, J. T. Fitchett, J. C. Kline and J. A. Skinner to be sworn and examined touching their knowledge of the violation of the ordinances of said city, and said persons being all persons who consented to be examined or offered as informants concerning the matters mentioned in said petition, and that said Rev. Kempton, then and there informed your committee that he had no personal knowledge of any houses of ill fame or persons being open on Sunday or after 11 o'clock p. m., and that the only knowledge of gambling he possessed was what was done by J. T. Waggoner and three non-residents of our city, at the rear of said Waggoner's place of business on West Milwaukee street, in said city, some time in September, 1898, and information given to said Rev. Kempton that there had been gambling at a place called "The Club" on North Main street.

Refused to Give Other Names

That said Rev. Arthur Kempton refused to give the names of any other persons who had given him any other information concerning either houses of ill fame, or saloons thereof, public gambling places, or persons being open after 11 o'clock p. m. on Sunday. And that after careful examination of all of said persons your committee was unable to secure from any one evidence or facts sufficient to warrant the prosecution of any one for the violation of any of our city ordinances except perhaps said Waggoner, who claims he has not

Milton, Wis., Jan. 9, 1900.

The hog market was steady and active last week and under brisk competition the price was forced up to \$4.30 by our local firm, that figure being paid for a bunch of forty choice hogs. At the close of the week \$4.25 was offered for good stock. The shipments of car load freight for the week ending Jan. 6, included five cars of hogs by Vincent and Haseenger, two of oats by J. S. Fetherston, one of pop corn by A. J. Wells, one of horses by McWay Bros. and one of tobacco by Bamberger and two of corn by G. K. Fetherston.

At the annual dinner of the Seventh day Baptist society held Sunday an innovation was introduced. The ladies were banished from the kitchen and dining room until the meal was ready, and the tables were set, the tea and coffee prepared and the dinner served by the men. Those present say they never had better service than on this occasion and nearly three hundred were fed. The "boys" also washed the dishes. After the feast the gentlemen surprised the waiters and dish washers by presenting the following literary and musical program: Reading, Mrs. L. A. Platts; violin solo, Miss Lillian Babcock; recitation, Nannie Brown; vocal solo, Mrs. L. K. Miller; reading, Miss B. E. Clarke; vocal solo, Miss L. N. Coon.

THE JANESVILLE FIRE DEPARTMENT

Annual Report Submitted By Fire Chief Spencer to the Common Council Last Night.

Chief Engineer J. C. Spencer of the Janesville fire department submitted his annual report to the common council last night for the year ending December 31, 1899.

GAVE A PROGRESSIVE DINNER

Novel Social Function Carried Out in This City Last Evening.

In honor of Mr. and Mrs. Shepherd L. Sheldon of Fargo, North Dakota, a progressive dinner was given last evening. The function was indeed novel it being the first of its kind to be carried in this city. The homes of Mr. and Mrs. S. M. Smith, Mr. and Mrs. A. J. Harris, Miss Mable Jackson and Miss Ruth Oliver were visited in turn, the finishing course being served at the spacious home of Mr. and Mrs. D. K. Jeffris.

At each home the tables were tastefully decorated with American beauty roses, sunlax and carnations. The report was most complete in every detail and the event proved one long to be remembered.

Where the Pennies Go.

What becomes of all the pennies? A superficial answer might be that we spend them, as in truth we do, but did you ever stop to consider the enormous quantities of the little copper coins turned out by the Philadelphia mint every year? The figures are really appalling in their magnitude. There are at present about 1,000,000,000 cents in circulation, and yet the mint is compelled to turn out nearly 4,000,000 a month to keep up the supply.

Evolution of the Cranberry.

The cranberry is a product of the country's development, coming forward in the last fifty years from a small, hard, bitter berry to a handsomely shaped and good-sized fruit. As the quality has improved the berries have increased in popularity with consumers, until supplies are hardly sufficient to satisfy normal demands. Rhode Island was the first state to apply scientific methods to cultivation, and the system adopted there has extended to other states, notably Massachusetts, New Jersey and Wisconsin.

A Telegram Card.

The Austrian postoffice is to try a "telegram card," on which a person writes a message and posts in the usual way, but the postoffice telegraphs the contents, which are delivered to the address by the postman. The plan is a combination of post and telegraph, and seems useful as having a cost and speed intermediate between post and telegraph.

Berne, Jan. 9.—The executive committee of the International Peace society has sent a telegram to President McKinley asking him to intervene with a view of ending the war in South Africa.

OTIS REPORTS FIGHTING.

Fleeing Insurgents Are Being
Hotly Pursued.

FIVE AMERICANS KILLED.

Lieut. Cheney and Four Enlisted Men
Lost Their Lives in the Skirmish
Sunday—Six Cases of Bubonic Plague
Reported, and Four Deaths.

Manila, Jan. 9.—Gen. Schwan has occupied Siliang and Indang, Cavite province, meeting with but slight resistance. He captured three guns and a quantity of ammunition. The roads in that section are very heavy. Gen. Wheaton is at Perez das Marinas.

Otis Reports Hard Fighting.

Washington, Jan. 9.—The war department has received the following from Gen. Otis:

"Manila, Jan. 8.—Bates pursuing in south with vigor; Schwan's column moving along shore Laguna de Bay struck 800 insurgents under Gen. Noriel at Binan, 6th instant, and drove them westward on Siliang, captured place, from which point cavalry pushed through to Indang. Schwan captured three pieces of artillery and will take remainder; also his transportation, with records and large quantity of ammunition.

"Two battalions Twenty-eighth, part of Wheaton's column, struck enemy near Imus yesterday, killing and wounding 140.

"Birkheimer, with battalion Twenty-eighth, struck enemy entrenched west of Bacoor yesterday morning; enemy left on field sixty-five dead, forty wounded and thirty-two rifles. Our loss thus far: Lieut. Cheney, fourth infantry, four enlisted men killed; twenty-four enlisted men wounded. Expected that Schwan's troops will cut off retreat of enemy's Cavite army.

"Wheaton moving today on Perez das Marinas. Boyd, Thirty-seventh infantry, moved east from Las Banos, surrounded troops of Gen. Risal at daylight, capturing Risal and considerable property. It is expected that Cavite and Batangas provinces will be cleared up soon.

"In the north Leonhauser, with three companies Twenty-fifth, attacked robber bands in Arayat mountains and dispersed them, destroying their barracks and subsistence. Found there five of our prisoners whom they had picked up on railroad. Three killed, two seriously wounded. These northern robber bands will be actively pursued."

Six Cases of the Plague.

Manila, Jan. 9.—The bubonic plague is yet sporadic. There have been six cases and four deaths. Preparations are being made to establish hospitals and for disinfecting and quarantining. The plague is dangerous to the overcrowded, under-fed and unwashed natives and Chinamen. Americans avoiding direct contact with the disease are safe.

A force of Filipinos charged twelve men of the Third cavalry who were scouting behind San Fernando de La Union. One trooper and three horses and carbines were captured. The enemy fled.

Hollis Refused by Boers.

Washington, Jan. 9.—The Transvaal government has assumed an attitude in regard to the American representation of British interests within its territory that is regarded here as directly at variance with the courtesy that marks the relations between friendly nations. The United States has been notified by the Boer government that it cannot permit W. Stanley Hollis, the American consul at Pretoria, to represent the interests of Great Britain in the South African republic during the period of the war, but that he will, in his personal capacity, be allowed to continue to care for the British prisoners of war confined in Pretoria. The explanation is that they did not want any British representative in their territory. This government, it is said, will protest against such a proceeding.

Police Looking for Gen. White.

Mishawaka, Ind., Jan. 9.—Police chiefs in this and all the other principal northern and central Indiana cities have received from W. H. Porter, sheriff of Ingham county, Michigan, circular letters asking them to assist in capturing Gen. William L. White, who is alleged to have been implicated in the misappropriation of public funds.

Funeral of Dr. McGlynn.

SENATOR GEAR WINS IN IOWA.

Republican Caucus Makes the Nomination Unanimous.

Des Moines, Iowa, Jan. 9.—At a joint caucus held last night John H. Gear was unanimously renominated by the republicans of the assembly for United States senator by acclamation. A. B. Cummins withdrawing his name. The election will be held Tuesday, Jan. 16. The democrats suggested to Mr. Cummins that they be permitted to vote for him next Tuesday, but he refused to consider such a proposition, determining to go into the republican caucus and abide by its action.

The twenty-eighth general assembly convened Monday morning at 10 o'clock. Lieut.-Gov. Milliman called the senate to order. A committee on inauguration was appointed and minor committees were provided for after the organization had been effected by the election of George A. Newman of Cedar Falls for secretary, and the other officers nominated at Sunday's caucus.

Representative Charles Stewart of Polk county called the house to order. J. L. Temple was elected temporary speaker. D. H. Bowen was unanimously elected permanent speaker and the other caucus nominees were also elected. An inauguration committee was selected.

Special committees were named in the house to consider the three contests before the house. The inaugural committees decided to hold the inaugural ceremonies Thursday.

The stipulated weight is 118 pounds, and the party failing to line up to this agreement will be required to forfeit \$500. McGovern still remains the favorite in the betting at 10 to 6.

Open Door Not a Victory.

Paris, Jan. 9.—The Temps, referring to the assent of the powers to the American Chinese policy, contends that it can scarcely be regarded as a victory, since no power opposed it. It adds: "President McKinley and Secretary Hay will, by their wars and diplomacy, have hastened international revolution. They have assured themselves a place in history by assuming responsibility for the advent of the United States to the rights and obligations of a great power."

Jones Favors July 4.

Minneapolis, Minn., Jan. 9.—It has been learned that while Chairman Jones of the national democratic committee was spending the holidays in Minneapolis he approved the suggestion that the national convention be held on July 4. His idea was to lay stress on the "consent of the governed" contention of the anti-expansionists by meeting on the anniversary of the signing of the declaration of independence.

Battled by a Royal Visitor.

On one occasion the prince of Wales visited a Hindoo school in Madras. The youngsters had been drilled into the propriety of saying "Your royal highness" should the prince speak to them, and when the heir-apparent accosted a bright-eyed lad, and pointing to a prismatic compass, asked, "What is this?" the youngster, all in a flutter, replied: "It's a royal compass, your prismatic highness."

Fugitive Is in Puerto Rico.

Milwaukee, Wis., Jan. 9.—The authorities have received information that ex-Sheriff F. G. Isenring, who is said to be short in his accounts with the county and who has been missing for two weeks, is in Puerto Rico. His wife received a letter from him as he was about to sail for there. An effort will be made to locate him and bring him back.

Steeple on Dog's Tomb.

Joseph H. Vaill, commissioner from Connecticut at the World's Fair at Chicago, and whom Gov. Lounsbury will probably appoint as commissioner from Connecticut to the Paris and Buffalo expositions, has purchased the steeple of the Second Congregational church of Winsted, Conn., and will have it erected as a monument over the grave of his dog Snyder, which died over a year ago. The steeple, which has already been taken off the old church in sections, is about sixty feet high, says the New York Journal. Mr. Vaill was formerly editor of the Winsted Herald, and Snyder was known by nearly every state newspaper man.

Frankfort, Ky., Jan. 9.—Gov. Washington, Jan. 9.—The Lawton fund has exceeded all expectations. The cash on hand is \$67,409.55. Gen. Corbin said the fund will surely reach \$85,000. That sum is now in sight. Gen. Shafter has \$19,000 on hand, and the Union League club of New York has \$6,000 which has not been turned over to the committee.

EASILY PROVEN.

There is Not the Slightest Necessity for Leaving Janesville to Look for Proof.

The experience given below by this well-known citizen of Janesville is easily proven. The proof he offers for his convictions can safely be left with the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Janesville cannot ask for any better authority on this point than that given by Veteran A. F. Lee, of 51 Sharon St., carpenter, who says:

"For twenty years it troubled me a great deal, many days I could hardly keep at my work, and by rights should have laid at home and doctored. It was seldom that my back did not ache, and I have been completely laid up for three or four days at a stretch. When stooping or lifting sharp pains penetrated the kidneys, the secretions from those organs were too frequent, and accompanied by pain. I used all kinds of remedies but none gave permanent relief. Obtaining Doan's Kidney Pills at the People's Drug Co., I took them. After the first three or four doses a noticeable change was brought about. I improved steadily from then on and on completing the treatment I was in good condition and am now well."

THE CENSUS OF 1900

Chicago Tribune—William R. Merriam, director of the twelfth census, has contributed an article to the January issue of the North American Review, in which he sets forth in an interesting manner the details of the large and complicated machinery which will be involved in taking the census of 1900, as well as of the tremendous amount of work involved. It is fortunate at the outset for the accuracy of this census that the act under which it will be taken is the best one that has ever been enacted, as it holds the individual in charge of each line of inquiry responsible for any lack of method or slowness in presenting the results. The census executive administration comprises a director, assistant director and five chief statisticians and under the act this working staff is to have ready in two years the information as to population, vital statistics, agriculture and manufacturing industries, which in 1890 it took seven years to gather and print. Thus the usefulness of the census will be distinctly enhanced. Instead of waiting until nearly 1910, the eve of another census, the reports must be forthcoming in 1902.

To accomplish this will need a Herculean effort, but the director is confident the work can be done. Three hundred supervisors will have charge of the census districts, and will designate no less than 50,000 enumerators for which they will be responsible. To transfer the enumerators' sheets to cards and count them on machines will require the services of at least 2,800 persons, and this clerical force will be secured by special examination as to eligibility, for the work to be performed is of an expert kind. To do the preliminary work and to finish the undertaking in two years will require at least 3,000 clerks, messengers, and other employees. One thousand clerks will be engaged in transferring data from enumerators' sheets to cards, 100,000,000 in number. The requisite number of these will be punched, counted, and tabulated, and 800 clerks will be employed tabulating the results from the punching machines. In addition to these there will be 500 clerks employed by the various statisticians and by the appointment and disbursing division. Finally the government printing office will have to print \$25,000,000 schedules to be forwarded to the supervisors early in the present year. After the completion of the "Census Reports" the special census reports will appear as rapidly as it is practical. Only the reports pertaining to population, vital statistics, agriculture and manufactures must be ready within two years.

As far as population is concerned the director is of the opinion that most persons have overestimated the increase since 1890. Mulhall has estimated the population at 77,300,000, but Mr. Merriam while hoping the great statistician is correct, is of the opinion owing to the decrease in immigration since 1893 from 73,000,000 to 74,000,000 is the utmost that can be expected. This is a gain of over 11,000,000 since 1880 and of over 51,000,000 since 1850, when the population was 23,191,876. That ought to be enough to satisfy any one.

And it now transpires that when Chief Hogan telephoned Beloit and could not get an answer from a policeman in that city inside of an hour, he felt called upon to tell his troubles to the reporter. This is exactly what the people of Janesville are doing, chief, so you know just how they feel. They want to find a Janesville policeman as promptly as you want to find them when you call up Beloit.

Merely in order that history may not be inaccurate, we will call attention to the fact that while Chief Hogan feels called upon to "roast" The Gazette, The Gazette has not yet felt called upon to roast Chief Hogan. If it becomes necessary to attack the men instead of the system, it will not be The Gazette's fault.

The Chicago papers have long enjoyed printing clippings from the Bungtown Bugle, but the Bungtown Bugle can now return the compliment. Items like the following are published in the Chicago papers every day: "A boy whose name could not be learned caught a three-pound whitefish at the State street bridge yesterday morning."

War, in the Boer language, is "oorlog." The Europeans, however, still cling to Gen. Sherman's definition.

The English paper manufacturers are securing their pulp in this country. It

is estimated that over 100,000 tons will be purchased this year. No matter what the foreigners want, they have to come over here to get it.

The announcement of the sudden death of J. C. Brownell was a shock to Janesville people. Mr. Brownell had done much for Janesville, and the impress of his public spirited services will remain during the years to come.

"The piano strike in this city" says a Chicago paper "is now at an end." It is still fashionable to pound them in other cities, however.

Sharkey has a new blow he calls his "Dewey destroyer," and is now trying it on the people at the rate of two interviews per day.

Mayor Harrison and Ex-Gov. Altgeld are still edgewise, and both are sharp enough to desire to cut each other's acquaintance.

gambled or permitted any gambling since the time he was mentioned, when a man from Harborside told him to appear before the court of said police prior to the making of said petition, and failed to appear, and was not present to commence any prosecution.

And No More to Offer

Your committee further reports that at the close of its meeting on the 27th day of December, 1899, your committee informed said Rev. Arthur Kempton and others that said committee would meet on any other date and place he might designate to hear any other facts concerning the subjects mentioned in said petition, and would cause to be made by some of its members any persons he might desire to appear, and have such persons interrogated as to their knowledge of the matters mentioned in said petition. And that neither said Rev. Arthur Kempton nor any one else has in any manner intimated to this committee any desire for any further investigation in the premises.

Your committee has caused an examination to be made of the records of the municipal court of said Rock county, and respectfully report that there have been during the two years last passed fifty-one prosecutions for violations of our ordinances, and in forty-six of the cases there have been convictions; four cases have been dismissed by the city for want of evidence, and one acquittal, and that in every instance except five our chief of police has been the complainant, and that by the order and vigilance of our police public gambling and houses of ill-fame have been suppressed, their inmates punished, and that our ordinances in relation to saloons have been enforced.

Enriched the School Fund.

That our officers have enriched the school fund by convictions in the above-mentioned cases in the sum of \$42.

That your committee has interviewed many of the signers of said petition, and in no case has your committee been able to obtain any facts upon which to base any prosecutions. That some of the signers of said petition are persons unknown, and some of the citizens whose names are signed to said petition disclaim any knowledge of how their names came to appear on said petition, and that your committee believe that said Rev. Arthur Kempton has been greatly imposed on and wilfully misled by some of the citizens as to violations of our ordinances, and that an erroneous impression has been created throughout the state as to the good order of our city, by the publicity given to the matter.

Compliment the Police Officers.

Your committee further report that the laws of our city are more strictly enforced than in any city of its size in this state; that our city's record of crime is the best in the state, and our citizens are to be congratulated on having in its employ such efficient officers. That our police officers have shown great enthusiasm and energy in assisting your committee in this investigation, and we believe have enforced the laws of our city mentioned in said petition wherever there was sufficient evidence to warrant a prosecution. That our officers have exercised excellent judgment in not commencing useless prosecutions under our ordinances, and thus marring our city in heavy costs.

This committee wish to express to Chief of Police John W. Hogan, Sheriff William H. Appleby and City Attorney F. C. Burpee, its gratitude for the valuable assistance given to this committee in the investigation by them, and desire to let the knowledge of the matter, and would recommend that said petition be received and placed on file.

All of which is respectfully submitted.

Dated January 8, 1900.

CONSIDER SINS OF JANESVILLE

The Kempton Petition is Ignored by the Common Council.

Members of the common council met in regular session last evening, all the aldermen being present except Aldermen Rice and Peters. The two important matters before the city fathers were the report of the police committee on the petition of Rev. A. C. Kempton and the annual report of John C. Spencer, chief of the fire department.

Alderman McLean, chairman of the police committee, presented the report in answer to Rev. Kempton's petition asking that the laws of the city be better enforced. Rev. A. C. Kempton with a few of his followers was present.

With the reading of the report a lively discussion followed. Rev. Kempton opened the scene by stating that he fully realized the hopelessness of saying anything at this time. He thought that the laws of the city were being daily violated and that the council should remedy the existing trouble.

Alderman Carpenter stated that in his opinion Mr. Kempton's remarks were a reflection on the mayor and the common council. He stated that Rev. Kempton had injured the good name of Janesville by reports being sent broadcast as the result of the Baptist divine's sermons on "The Seven Sins of Janesville."

Alderman Carpenter stated that as a citizen he wanted to enter a protest against all of the sermons. It looked to him as if some one was trying to advertise himself. "I think too much of myself to listen to such harrangues," said the Third ward alderman, "There should be eleven commandments instead of ten. The eleventh should be: 'Mind your own business.' If I was going to revise the Bible I would put it in."

The report of the committee was then adopted.

City Treasurer Fathens' report for December, the municipal court report for December, and the report of the

board of education for August, September and October were referred to their several committees.

The annual report of the chief engineer was referred to the fire and water committee.

City Engineer Brown was directed to prepare a report of the cost of water service connections on West Milwaukee street where the owners of property had neglected to have such connection laid within the time ordered.

A City with Two Carriages.

There are only two carriages in town. One belongs to the archbishop, and his eminence is hauled about by three horses, because his ecclesiastical pediments are afflicted with the gout. The other carriage is the property of the government, and one of the perquisites that pertain to the presidential power. It is an ordinary landau, imported from Paris in pieces, and put together by local talent, and a native artist has painted upon the panels of the doors a brilliant reproduction of the coat of arms of the republic, about a foot square, in the national colors—green, yellow and red. This is greatly admired by the populace, who see the carriage only occasionally—on state occasions, when it is drawn by four black horses wearing harness heavily mounted with silver, and decorated with rosettes, tassels, and streamers of the national colors.—La Paz, Bolivia, correspondence Chicago Record.

Chickens in Haiti.

The natives call the island "Bye-te." Nearly every one I have met who can speak English at all drops the "h" and picks it up after the manner of the London coterie and his cousins, the cockneys and "Arry boys." Apples in Bye-te are happles. It is a great chicken country, the variety of poultry depending entirely on the color of the complexion of the incoming president. If he be yellow, the "yaller legged" Dominique is permitted to thrive alone in his glory. Every black-legged chicken is killed, and any person caught harboring one is bound to suffer. On the other hand, if the president be black, only black-legged poultry is in fashion. The "yaller-legs" are destroyed. Similar conditions prevail in Santo Domingo.—Victor Smith, in New York Press.

TOO MANY CHILDREN CAUSED DIVORCE

DEFENDANT COULD NOT PROVIDE SUPPORT FOR THEM.

Action of Sarah E. White vs. William H. White Was Disposed of This Morning—Witnesses Testified That the Table at Meal Time Was Not Overloaded With Food.

In the circuit court of Rock county this morning Mrs. Sarah E. White was granted a decree of divorce from William H. White on the grounds of failure to support. Mr. and Mrs. White were married on Dec. 20, 1898. They had both been wedded before Mrs. White being the mother of twelve children. Mr. White had one daughter.

In her complaint Mrs. White stated that her husband was unable to support her and her children and that there was hardly a meal served that some one was not to want before the repast was over.

The parties are well along in years and well known. The plaintiff in the action was Mrs. Sarah Duller previous to her matrimonial venture with Mr. White.

The defendant at the time of his marriage resided at 218 South Main street, and was a teamster by occupation. When the case was called this morning at 10 o'clock, there was no appearance on the part of the defendant, who was represented by Attorney William G. Wheeler.

Mrs. White appeared in person, and was represented by Attorneys Mahoney and Ryan. Among the witnesses sworn were Mrs. Franklin of Harvard, Ill.; Mrs. Hattie Showers of Sharon, daughter of the plaintiff. They testified as to Mr. White being unable to care for their mother and members of her family. Mrs. White took the stand and testified as to Mr. White being in no financial condition to support her and her children.

The divorce was then granted, the court allowing the plaintiff \$50 attorney fees from the defendant.

SHERIFF APPLEBY MAY SUE COUNTY

IT DEPENDS ON COMMITTEE ON GENERAL CLAIMS.

In Case Chairman A. C. Powers and His Followers See Fit to Cut Down the Sheriff's Bill Legal Action Will Follow—Won't Submit to Any Compromise.

On January 16, members of the Rock county board of supervisors meet at the court house in session. During the past few days the different committees have been busy at work making out their several reports to be submitted. The committee on general claims consists of A. C. Powers of the town of Beloit, Ira Jones of the town of Union and Charles E. Bowles of Janesville.

Of the numerous claims they have in charge two are from Sheriff Appleby for taking insane persons to the state hospital for the insane at Mendota. These two claims are for the conveyance of six insane persons from Rock county to Mendota. The total bill amounts to \$143.37.

It is said that when the committee looked over the bill they thought it a little too high in price. Sheriff Appleby on hearing of this lost no time in expressing his opinion which was to the effect that if the committee lowered his claim one penny he would bring the matter into the Rock county court for settlement if such a step was necessary. Attorneys state that the committee will have to act favorably on the sheriff's bill as he has only charged for such services as the law allows.

Mrs. George M. McKay Was in Racine to Identify Prisoner.

Mrs. George M. McKay returned home yesterday from Racine where she went for the purpose of identifying Henry C. Corbett, now under arrest in Racine charged with the shooting of Rev. and Mrs. Cheney.

A man answering Corbett's description entered the McKay residence at 10 o'clock in the morning and at the point of a revolver compelled Mrs. McKay and two servant girls to seek shelter.

When confronted with Corbett at Racine Mrs. McKay says that she is positive that he is not the man who threatened her life.

Mrs. McKay was accompanied by District Attorney Jackson of Rock county.

As dining comes to be regarded an agreeable necessity, housekeepers will substitute excellence for profusion. It is a pity that the delicious and beautiful array of what we call "city" spring vegetables cannot be transported to the country towns at a distance from the cities, where the markets present a veritable vegetable garden of rare fruits and delectable vegetables ranging from the cucumber to dairy fresh, young peas and, in fact, all the delicacies of spring. In the London and Glasgow markets we see these delicacies mingled with rare fruit that is either hot-house grown or sent from Spanish provinces, France and Italy and often from our own California ranches. Where else in a cold climate, except perhaps in Russia, are these domestic luxuries at moderate prices to be found and enjoyed at a few days only from the Metropolitan and Chicago markets?

MOTION TO REVIVE GRANTED BY COURT

EDGERTON BANK CASE IS STILL BEFORE JUDGE DICK.

Court Ordered That the Motion to Revoke the Action as To W. W. Williams Deceased Be Granted—Many Attorneys Interested—Case Will Linger in Court Some Time.

In the circuit court of Rock county this morning in the case of C. M. Gage et al vs. the Bank of Edgerton, Attorney M. G. Jeffries in behalf of the defendants moved that the action be stricken from the calendar on the ground that the same was not at issue when noticed.

Pending the hearing on said motion attorneys for the plaintiffs asked that the order show cause which was returnable January 8, to be taken up at this time. After hearing the arguments of counsel and being advised in the premises the court ordered that the motion to revive the action as to W. W. Williams, deceased be granted and that the answer of W. W. Williams heretofore filed be allowed to stand, but with the privilege on the part of the administratrix herein to serve and file an amended answer herein within ten days on condition that said action stand for trial at the January term of said court for 1900.

In the action of William Taylor vs. the Indian Ford Water Power company the case was continued for the term by consent.

The case of Levi Moses et al vs. Alice Williams was continued by consent. Testimony was taken in the action of Catherine M. Rich vs. Genevieve M. Rich the following witnesses being sworn: W. G. Wheeler, Catherine M. Rice and Edward Inman.

THE CLINTON HOSTELRY PURCHASED BY EAST TROY MAN

Norwegian Farmer Thrown From His Wagon and Seriously Injured—Ice Harvest Is Under Way—Skating On Turtle Creek—Make a Trip to Afton—Clinton News Notes.

Clinton, Wis., Jan 9.—It is stated on good authority that the Cheesman Hotel has been sold. A Mr. Rogers of East Troy is the purchaser. The price paid has not been made known, nor is it known when occupation will. The hotel is at present occupied by Landlord Stone. Mr. Cheesman bought the hotel of the Wyman estate, through the executor, George C. Babcock, two years ago, paying \$6,000. The building originally cost the founder William Wyman, it is said, the princely sum of \$20,000.

A Norwegian farmer by the name of Beamer, living south of here was thrown from his wagon last Wednesday evening, and sustained serious injuries. A long gash in his scalp and other bruises resulted from his fall. The injured man was found and brought to this city by Hiram Cooper and taken to Kath's hotel where his wounds were dressed by Dr. O. B. Wright.

Seven members of the local camp attended the big meeting of the Modern Woodmen at Afton Friday night last. They drove overland, returning about 2 a. m., and report an enjoyable time. The statement of the Citizens' Bank of Clinton, issued January 1, 1900, shows the financial condition of that institution to be in a very satisfactory condition. The deposits on that date were \$155,185.17, a gain of \$15,000 in the year past. During the three years ending January 1st last, the increase of deposits has equaled an even \$100,000. The ladies who attended the meeting of the Woman's Relief corps at Beloit last week were unexpectedly obliged to remain in that city over night, as the midnight freight train was abandoned. Rare Birthdays

A birthday is a rare thing for people born on the 29th of February, but they will now have the uncommon experience of doing without one for no less than eight years. In the ordinary course next year would have been leap year, but it becomes necessary every now and again to omit the extra day in four years in order to keep the dates and seasons correct. Hence there will be no Feb. 29 next year, and so those who last had a birthday in 1896 will have to wait till 1904 for another.

RACE QUESTION DISCUSSED.

Senator Morgan Explains the Position of the South.

EVILS OF NEGRO SUFFRAGE.

Declared to Be "An Unbroken Line of Obstruction to Progress"—Philippine Subject Revived—Financial Bill Goes Over for the Day—in the House.

Washington, Jan. 9.—Franchise for the negro and the race question in the south generally found its way into the senate daily debate Monday, when Mr. Morgan (dem., Ala.) defended the new constitutions of Louisiana and North Carolina. The speech was directed against a resolution by Mr. Pritchard (rep., N. C.), which condemns racial restrictions on suffrage and attacks the new constitution of his state.

Mr. Morgan said that no great body of white people in the world could be expected to quietly accept a situation so distressing and demoralizing as is created by negro suffrage in the south. He declared that negro suffrage in Louisiana and other southern states had been an unbroken line of obstruction to progress, and that in many places thousands of negro votes in doubtful counties, with little concealment, were bought for \$1 each. The evil, he thought, would end only when the United States had provided a home for the negro race suited to their traits.

At the conclusion of Mr. Morgan's speech Mr. Pritchard gave notice that he would address the senate on the resolution on Jan. 22.

A resolution offered some time ago by Mr. Pettigrew (S. D.) calling upon the secretary of war for information as to an alleged interview between Gen. Torres of the Filipino army and Gen. Otis was called up and Mr. Lodge (Mass.) offered a substitute calling upon the president to furnish general information regarding the Philippine insurrection contained in official documents and dispatches.

Mr. Pettigrew accepted Mr. Lodge's resolution.

Mr. Aldrich said he hoped some general understanding could be reached as to the disposition of the financial bill. Mr. Jones (Ark.) replied that there was no disposition on the democratic side to delay the bill. He asked, however, that there be no pressing action, as senators were not yet ready to speak. Mr. Aldrich thereupon asked that the bill go over for the day.

A resolution by Mr. Allen (Neb.) calling upon each cabinet officer for an itemized statement of the amount of the \$50,000,000 defense fund each department expended was adopted.

A bill was passed providing that a widow's pension shall commence with the application, and not at the date of the soldier's death, and construing a section of the dependent pension act.

Two Investigations Ordered.

Washington, Jan. 9.—The house Monday ordered two investigations as a result of resolutions introduced by Representative Lentz of Ohio. The first is to be an investigation by the committee on postoffices and postroads into the charge that two federal appointees of the president, Postmaster John C. Graham of Provo City, Utah, and Postmaster Orson Smith of Logan, Utah, are under indictment as polygamists, and whether affidavits to that effect were on file at the time of their appointment. The other is a general investigation by the military committee into the conduct of Gen. Merriam and the United States army officers during the Gardner (Idaho) riots and subsequent thereto.

The house adjourned till Wednesday.

Fulfills Washington's Plans.

Washington, Jan. 9.—Senator Wellington of Maryland Monday introduced a bill to establish the University of the United States. It is provided distinctly in the measure that "neither sectarian nor partisan preferences shall be allowed in any form." The bill makes no provision for congressional appropriations of any sort, but grants to the university the grounds in Washington city which were reserved by President Washington as a site for a national university.

To Send Spanish Prisoners Home.

Washington, Jan. 9.—The secretary of war has sent to congress a request for an urgent deficiency appropriation of \$750,000 to supplement the \$1,500,000 heretofore appropriated for the repatriation of the Spanish prisoners and their families held by the insurgents in the Philippines.

Were Seized Illegally.

Washington, Jan. 9.—The United States Supreme court Monday held that seizure by the blockading squadron during the late war of two fishing smacks owned in Havana was contrary to well-established international law.

Smallpox Story Is Denied.

Dixon, Ill., Jan. 9.—Health Commissioner A. F. Moore and Mayor F. A. Truman have united in a statement denying that smallpox has appeared in the Northern Illinois Normal school. They claim that although there are a few cases of the disease in the city, that the reports sent out are greatly exaggerated and misleading.

To Test State Law.

Charlotte, N. C., Jan. 9.—The republican state executive committee has retained counsel to prosecute the suit which is to be brought to test the constitutionality of the new state election law which has for its purpose the restriction of the negro votes of the state.

WHITE DRIVES BOERS BACK.

Fierce Attack on Ladysmith Three Times Repelled.

BETTER FEELING AT LONDON.

Details of the Battle, and Casualty Lists. Yet to Come—Gen. Buller Has Made No Forward Move—Ambassador Choate to Wait.

Frere Camp, Natal, Jan. 8.—The following is from White, dated 2 p. m. yesterday:

"An attack was begun on my position, but was chiefly against Caesar's Camp and Wagon Hill. The enemy was in great strength and pushed the attack with the greatest courage and energy. Some of the intrenchments on Wagon Hill were three times taken by the enemy and retaken by us. The attack continued until 7:30 p. m. One point in our position was occupied by the enemy the whole day. But at dusk, in a very heavy rainstorm, they were turned out of this position at the point of the bayonet in a most gallant manner by the Devons, led by Col. Park. Col. Ian Hamilton commanded on Wagon Hill and rendered valuable service. The troops have had a very trying time and have behaved excellently. They were elated at the service they have rendered the queen."

"The enemy were repulsed everywhere, with very heavy loss, greatly exceeding that on our side, which will be reported as soon as the lists are completed."

London, Jan. 9.—The details of the battle at Ladysmith are not yet reported, and no estimate is sent of the losses on either side, but that the British and the Boers alike displayed marvellous bravery, that the dead and dying of both armies will be counted by hundreds, and that White and Joubert were nearly evenly matched is plainly evident between the lines of the victorious general's official report to the war office, heliographed to Frere and forwarded to London by Gen. Buller.

Gen. White's force was not over 9,000, while Joubert is supposed to have fully 15,000, but White was on the defensive position, the one usually occupied by the Boers, while Joubert appeared in the new role of aggressor.

Boers Assault on Sannies.
The Boer assault began shortly before 3 o'clock on Saturday morning, at sunrise practically, for it is summer in South Africa now.

Their fire was directed first at Caesar's camp, lying on Besters hill, south of Ladysmith, and gradually the attack developed as the re-enforcements from the south joined the Boer assailants, and on all sides Gen. White's camp was either actually attacked or demonstrated against. The vigor of the attack disconcerted the British for a couple of hours or so, but they then rallied, and before 9 o'clock had succeeded in administering the first repulse. This was repeated about noon, and shortly after 3 in the afternoon the third assault was begun.

Tide Turns for British.
The British were in sore straits, and it was then that White heliographed to Buller that he was hard pressed. Later the tide of war turned. A heavy rainstorm came up and the sorely tried British troops took on fresh courage, a slight advantage was gained slowly, and then Col. Park, who went through the Afghan wars and the operations around Kabul with great credit, led out the First Devonshires, of which he was recently given command, in a brilliant bayonet charge.

Boers Yield to Cold Steel.
It had its effect. The Boers, against their most feared enemy, the steel, fell back for the third and last time. Besides Col. Park, Gen. White mentions Col. Ian Hamilton, who commanded Wagon Hill, as rendering valuable services.

It is not expected that Joubert will renew the attack for a few days at least, as some time is necessary for caring for the wounded and burying the dead on both sides.

What will follow then is a matter of conjecture.

Future Is in Doubt.

While the safety of Ladysmith is assured for the present, anxiety is certainly felt regarding the supply of ammunition left at White's disposal, as seventeen hours of continuous fighting has undoubtedly made heavy inroads on his magazines.

Another cause for anxiety is his known lack of sufficient medical supplies, ambulances and hospital accommodations to care for the extraordinary number of wounded.

Buller Sure to Be Censured.
Why Buller failed to lend a helping hand, or at least to make the attempt, is sure to arouse much speculation and no little adverse comment.

Everybody admits that Buller lost the opportunity of a lifetime, and most critics will refuse to accept any explanation he may offer. The Daily Mail suggests that he had not his whole force concentrated and ready, as he had camps at Chieveley, Frere and Estcourt, the latter point being twenty-five miles distant from Colenso, and was unable to get his force together in time for a united attack, without which he was practically certain of failure.

To Send 25,000 Troops.

London, Jan. 9.—Great Britain is preparing armaments, and twenty-two transports will be on the way to South Africa during the present month. According to the program, 25,000 additional troops and 72 guns will soon be about. The government has ordered

Vickers' Sons and Maxim to manufacture as many 7.4-inch and 6-inch quick-firers as can be turned out until otherwise notified.

London's Answer Negative.
Honolulu, Jan. 1, via San Francisco, Cal., Jan. 9.—Seven additional cases of plague have developed since last advice, making thirteen cases all told to date. Three cases were discovered on the night of Dec. 23 and four cases have been reported during the last forty-eight hours. A portion of the infected district was condemned and burned yesterday, three buildings and a large warehouse being destroyed. This policy will be adhered to.

Boers Fleeing to Methuen.
Modder River, Jan. 6.—The balloons at this morning located some new Boer trenches, where two guns have been mounted, three miles from the Modder river. The Boers fired a shell from each of these guns in the direction of the guards and pickets yesterday afternoon, but they were harmless.

Choate Receives No Answer.
London, Jan. 9.—The United States ambassador, Joseph H. Choate, did not receive an answer Monday from the British government regarding the seizure of American flour by British cruisers in South African waters. Lord Salisbury has a note in preparation, but a few days may elapse before it is delivered.

Canadian Volunteers Active.

London, Jan. 9.—The Times publishes the following, dated Jan. 6, from Modder river: "News from Belmont shows that the Queensland and Canadian volunteers have been so energetic in that neighborhood that a large belt of the Free State across the border has been deserted by the Boers."

Revealed the Boer Position.
Durban, Jan. 7 (delayed in transmission).—Gen. Cleary, with his whole division, made an extended reconnaissance, with intent to draw the Boers from their attack on Ladysmith. It is the attempt failed, but the Boer positions around the Tugela river were revealed.

Russia Lodges a Complaint.
Moscow, Jan. 9.—The Russian Lloyds have lodged with the imperial government a complaint against the British authorities for the seizure by a British cruiser in South African waters of a Russian freight steamer.

BULL FIGHT AT BOULOGNE.

Foreigners Disgusted at the Bloodshed.
About a fortnight ago a bullfight took place at Boulogne in spite of the threat of the national government to enforce the law against such combats. The exhibition was held at 10 o'clock in the evening under the electric light. Several hundred excursionists went in three specially chartered steamers from Hastings and Brighton. Persons who beheld the spectacle and who had seen the bullfights at Madrid are of the opinion that it was one of the most bloodthirsty combats that they had ever witnessed. After having nobly fought for life six bulls were killed by the daring skill of the Spanish and French toreros. La Laverite killed three bulls with three thrusts and two misses. Robert also killed three after several misses. Three horses were slain in the arena, two of them being frightfully mangled. A picador was also hurt, as one of the bulls gored his horse and pressed him against the barrier. During the performance a panic was started by the swaying of one of the tiers of seats, and about 3,000 men and women clambered over each other toward the narrow exits. Happily the crowd was quieted. When the gorging of the horses began, several English women in the crowd fainted, and were removed by their escorts. Before the scene was half over about a third of the spectators had quietly retired. They were mostly foreigners and openly expressed their disgust.

Explanatory.
"Jestah," said Mrs. Chugwater, "there's something in the paper about a 'corner' on eggs. What does that mean?"

"It makes them that way to freeze them," replied Mr. Chugwater, regarding her fixedly. "Knocks the market all out of shape. See?"

"Ye-es," rejoined Mrs. Chugwater, rubbing her nose dubiously.—Chicago Tribune.

Warfare in South Africa.

A uitlander in Johannesburg, mounted on a smart looking horse, was stopped by a Boer official in the market square and ordered to surrender his steel for the service of the republic. He declined and was promptly pulled off. Regaining his feet, the uitlander lowered his head and charged straight at the Boer after the fashion of an angry goat. The Boer, taken by surprise at this novel mode of resistance, was rolled in the dust by the force of the impact, and before he could recover his footing the uitlander had remounted and was galloping away at race horse speed.

Cost of English Fox Hunting.

The figures relating to fox hunting in Britain are interesting and show that a large amount of money is annually expended on what is considered by some as a barbarous practice and by its followers as the finest form of sport. There are now 321 packs of fox hounds in the United Kingdom—180 in England, twenty-six in Scotland and fifteen in Ireland, and these packs consist of 8,900 couples of hounds, and they necessitate the employment of 100,000 horses of the value of \$35,000,000, involving an outlay of \$25,000,000 per annum for their maintenance.

Oriental Advertisers.

Some of the similes used by oriental advertisers are remarkable. Here are one or two specimens which have recently appeared in eastern newspapers: "Goods dispatched as expeditiously as a cannon ball." "Parcels done up with as much care as that bestowed on her husband by a loving wife." "Paper tough as elephant's hide." "The print of our books is clear as crystal, the matter elegant as a singing girl." "Customers treated as politely as by the rival steamship companies." "Silks and satins smooth as a lady's cheek and colored like the rainbow."

THE RISE OF KEARNEY

How the Agitator of the Sand Lots Has Become a Capitalist.

BY C. J. BOWDEN.

Denis Kearney, "the orator of the sand lots," who gained national prominence from his campaign against Chinese cheap labor, is again on top. Those who followed his meteoric political career know that, although the movement in which he was a pioneer succeeded, Kearney himself was at last dropped by the party he had organized. He lost what little money he had, too, and for a time the great agitator, who had been listened to by enthusiastic crowds in every city in the country, was neglected, forgotten and almost without a dollar.

Today Denis Kearney is a wealthy stock speculator, operating on the San Francisco Stock Exchange. He employs brokers to do his work, and his hardest work he does is to watch the fluctuations of the market. The muscular frame that he once clothed in overalls, flannel shirt and leather apron is now incased in bronchial that is finely tailored. The big hands that were once calloused from using bato hook and cart stake are now soft and white and gloved and manicured.

In short, Kearney has joined the "capitalist class" against which he hurled such red-hot invectives from the cart tail.

Few men have had such a varied career. He began as a poor Irish lad with a liking for the sea. Although lacking in education he was no ordinary sailor, for at 19 he was captain of a big East Indian man. Early in the seventies he left the sea and settled in San Francisco. He bought out a draying business and built it up until he was fairly prosperous.

Kearney became actively identified with the anti-Chinese movement at

DENIS KEARNEY AS HE LOOKS TODAY. Least as early as 1875. Soon after this a party was formed, known as the Workingmen's party, of which Kearney was made president.

The state of affairs in California at this time was ripe for a man of Kearney's stamp. The Chinese, herded together in quarters scarcely fit for habitation, were a perpetual source of irritation to the workingmen, who felt that the presence of these cheap laborers hourly made the rich richer and the poor poorer.

In 1878 Kearney made a speech in San Francisco which attracted considerable attention, more, perhaps, on account of its violence than any other reason. He advocated forming a military organization, and when the next steamer came into port to march down to the wharf and stop the "leprous Chinese" from landing.

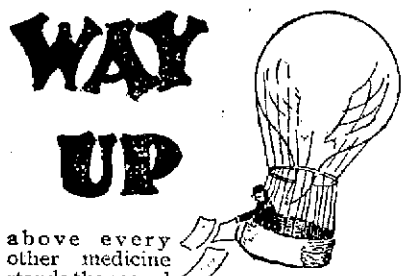

The meetings of the new party were held on Sunday in a vacant lot in San Francisco, known as the "sand lot" of the city. Here every Sabbath Kearney, dressed in workman's garb, usually in his shirt sleeves, addressed his audiences, who went away lighter of heart and comforted by his words.

Kearney left California for Boston in July, 1878. His popularity in San Francisco at this time was evinced by an extraordinary demonstration, which took place on his departure. He was given a grand ovation by the workingmen's military clubs and other organizations.

Along in March, 1880, we find him back on the "sand lot" in San Francisco indulging in the same furious tirades against the Chinese. At this time the movements of the "sand lot agitators" were watched with widespread interest throughout the country, and bloodshed seemed imminent and unavoidable. Kearney's speeches were of an inflammatory nature, at times urging the people to rise en masse. The aristocrats on Nob hill had him arrested, but he was released after serving 40 days of his sentence, and his people gave him a rousing reception. Later his political associates deposed him. "The Chinese must go!" had become a campaign cry, however, and the cause was won.

During this time, though, his business had been ruined by the San Francisco merchants, who opposed his views. He made a new start by selling pie and coffee to the new Golden Gate park.

He made his first big stake by selling short on wheat just as the bottom fell out of the latter boom. Today he is worth several hundred thousand dollars.

above every other medicine stands the record of Dr. Pierce's Golden Medical Discovery as a remedy for diseases of the blood, stomach and organs of digestion and nutrition. The claim is made that the "Discovery" will cure ninety-eight persons in every hundred who are suffering from the diseases for which it is prescribed. That claim is based upon the actual record that it has cured ninety-eight per cent. of those who have used it, and the number of these reaches to the hundreds of thousands. Will it cure you? Try it. It is a wonderful medicine and has worked wonderful cures.

Let no dealer sell you a medicine said to be "just as good." Just as good medicines don't cure.

"About ten years ago I began to have trouble with my stomach," writes Mr. Wm. Connolly, of 535 Walnut St., Lorain, Ohio. "It got so bad that I had to lay off quite often two and three days a week, my stomach would bloat and I would belch up gas, and was in awful distress at such times. I have been treated by the best doctors in this city but got no help whatever. I wrote to you for advice. You told me that by my symptoms you thought I had liver complaint and advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets' in connection. These medicines I have taken as directed, and am very happy to state that I commenced to get better from the start and have not lost a day this summer on account of my stomach. I feel tip top and better than I have for ten years."

Dr. Pierce's Pellets cure biliousness.
